Dear Parents:

Wadsworth City Schools continues to review Transportation procedures to improve efficiency. The process to develop routing to ensure all students are assigned correctly for the first day of school is a critical challenge. We need accurate information prior to beginning the process of establishing bus routes. The information includes:

1. The need for Wadsworth City Schools to verify all students transported by district vehicles are Wadsworth residents for the upcoming school year.
2. Bus Stop information
 - On the form below, your current bus stop information is provided. Please verify the information is accurate for the upcoming school year. Please note, all stops revert to the stop nearest to the student home address on file.
 - We understand home addresses change. If there are changes during the summer, please contact the Board Office at 330-336-3571 and provide the necessary documents to complete the process to change the resident address.
3. Bear Cub Academy/Babysitter/Daycare Form
 - Many students use a caregiver for the bus stop other than their place of residence. All families using this type of service for a bus stop must complete a **Transportation - Other than Residence form (Bear Cub Academy/Babysitter/Daycare)** - accompanying this letter. Please complete and return it stapled to the **Transportation: 2016-2017** form to the student's current school main office by Friday, May 13, 2016.
4. Postcard information will be mailed by August 5, 2016 to families.

As a reminder, Board of Education Policy 8600 communicates students will be transported to and from a given location five (5) days per week but it must be the same for the entire week. The a.m. bus stop may or may not differ from the p.m. location. However, various locations during the week are not permitted. For those families with different caregivers in the morning from the afternoon, please make arrangements to adhere to this policy to ensure the safety of the students.

Respectfully,

Joseph Magnacca
