The Wadsworth High School football coaching staff believes the youth organization is a direct extension of the varsity program. Entering our 4th season we feel it is imperative that our involvement with youth athletes is significant in continuing the championship standard we have created in our program. My philosophy on youth football and its alignment with the high school program is summarized by five primary objectives.

1. **Fun** – Football is the greatest game man has invented; it’s meant to be a game in which all participants experience enjoyment.
2. **Feeder program** – The youth football teams are direct extensions of the varsity football team and will be run accordingly. All schemes, terminology, play calls and numbering systems will represent those of the varsity.
3. **Techniques & Fundamentals** – Our youth program will stress the techniques and fundamentals that enable success for the athletes at their current level, but also in the transition to junior high and high school.
4. **Look to the future** – The goal will be to put kids in the best position to be successful when they reach the varsity level. While winning is important we will never sacrifice the development of kids to win a youth game.
5. **Promotion of kids** – When the players leave our youth program they WILL feel a sense of self-worth and pride because of their contribution.

I understand that participation in the Wadsworth Football Youth Camp will involve strenuous physical exercise and participation in games, drills, and exercises. I further understand such participation involves risks of injury, and I specifically agree that my child’s participation in the camp assumes these risks. I recognize that while campers will be supervised, injuries may occur and hereby release the camp staff, Wadsworth City Schools, and its employees from any and all responsibilities and/or liability in the event of injury.
