Refer to the Course Registration Guide for recommended courses for the college-bound student and career-technical student (posted on web site).

Eligibility for extra curricular programs:

Students *must pass* the equivalent of 5 units of credit during one grading period and maintain a minimum of 1.7 GPA to be eligible to participate in school programs the next grading period.

Guidelines:

- Teachers will circle one course and initial recommendation: English, Math, Science, Social Studies, World Language, and Art if applicable, please write course name and number in the spaces in the box at the bottom of the course selection sheet.
- There will not be any changes in course selection after April 1 without talking to your counselor. ***There will be NO CHANGES in schedules after May 14.***

You must schedule 1 credit of alternates.

- You can only have one study hall per semester. After the school year begins, you may drop a course to have a study hall, but you *may not* add a first semester course. Seniors may have early release or late arrival instead of a study hall.

8th Grade – February 5 (will meet with counselors on February 19)

Freshman—February 8 & 9

Sophomores—February 17 & 18

Juniors—February 11, 12 & 16

- You should follow teacher recommendations in your course selections. Parental/Teacher overrides may be available in certain courses and must be signed if recommendations are not followed. If a student overrides, he or she may not be permitted to level change after the course begins.
